MEET YOUR NEW LITTLE SPACE

Little ideas welcome.

For passing thoughts, happy scribbles, and the things you want to keep. Noti is a warm, playful home for whatever pops into your head.

A clean space with a little personality.

01 · OUR LITTLE INK COMPANION

Say hello to Doti.

Part ink drop.

A curled tuft, tiny feet, peach cheeks, and a pencil for the next passing thought.

Part daydream.

Soft lilac, a small smile, and one little sparkle. Friendly enough to make a blank page feel inviting.

Always in the right place.

Doti welcomes you in the library and empty states. The editor gives your ideas the room.

02 · STATIONERY COLORS

Warm paper. A handful of happy colors.

Charcoal carries the text; plum carries actions. Pastels add joy to covers and illustrations. Corresponding dark surfaces keep the app comfortable at night.

03 · TYPE & WORDMARK

Round letters. Clear thoughts.

Aa Bb Cc 0123456789

Nunito · 400 / 500 / 600 / 700 / 800

Bundled type, real font weights, readable body copy and Android text scaling. The outlined wordmark keeps its plum dot wherever it goes.

04 · SMALL, BUT RECOGNIZABLE

A little hello on your home screen.

A compact vector interpretation of Doti, with adaptive and monochrome artwork for Android. Leave breathing room around the mark.

05 · HOW NOTI SOUNDS

Gentle encouragement. Clear buttons.

“Make your mark.”

A friendly invitation to tune your pen and try a scribble.

“Your kind of paper.”

Simple words for the small choices that make a notebook yours.

“Create notebook.”

Actions stay literal. Saving, errors, and deletion always get clear language.

06 · THE APP, TOGETHER

Personality around the page.

Fine dividers, flat surfaces, 10–20 dp corners, spacious layouts and softly colored notebook covers connect the library, settings, dialogs and launcher.

Keep the canvas quiet.
Mostly monochrome drawing controls. One small home mascot. Full character art belongs in welcoming moments; your handwriting is the main event.

Noti & Doti · Original app identity. Doti illustration created with image generation; compact launcher artwork is vector. Nunito is distributed under the SIL Open Font License 1.1; the brand kit includes its license.
